Price List of Supplies Garden and Field Seeds.

OUR reputation has been built up by furnishing seeds of the best quality as to purity and germination, and we shall always endeavor to furnish THE BEST SEEDS that can be procured and make prices as reasonable as possible.

WE ARE in a position to furnish good seeds at as low figures as any reliable house. We can and will meet all prices made by any one offering goods of equal value with ours, but we have no ambition to compete with those offering inferior stocks.

Guarantee. There are hundreds of contingencies continually arising to prevent the best seeds always giving satisfaction, such as sowing too deep, too shallow, in too wet or too dry soil; insects of all descriptions destroying the plants as soon as or before they appear; wet weather, cold weather, frosts, chemical changes in the seeds induced by temperature, etc. For the above reasons it is impracticable to guarantee seeds under all circumstances.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

TERMS:—Our terms, strictly cash with order, unless credit already established, or parties sending satisfactory reference. No goods sent C. O. D. unless cash to the amount of one-fourth the order accompany same. Goods delivered free F. O. B. cars or boat in Philadelphia or Camden. Soliciting a share of your valued patronage, we are,
